

The workplace platform for professional services

Make a polished first impression while safeguarding people, property and ideas

Create a seamless visitor and employee experience in the workplace with one intuitive system.

Trusted by over 16,000 offices worldwide

Streamline visitor management

Customize sign-in flows based on visitor type. Have guests fill out forms, upload documentation, and sign NDAs prior to coming on premise.

Reduce daily distractions

Employees can share schedules, pre-register and invite visitors, and even book desks and conference rooms—all in one flow, all in one place within the Envoy mobile app.

Keep your workplace safe

Manage who is approved on-site by connecting Envoy to over 100 apps that support background checks, access control, Wi-Fi credentials, emergency communication and more. Instantly flag unwanted guests.

Anticipate and adapt with data

Make data-driven decisions to optimize how people use your space with insights on visitors, employees, desks, and meeting rooms across all your locations.

Visitors

Welcome guests while keeping people, property and ideas safe

Protect

Stay compliant and keep employees safe

Deliveries

Manage incoming mail and avoid package pile-up

Desks

Flex your space for hybrid work

Rooms

Easily book nearby rooms and free up unused space

Mobile

Empower employees to make the most of their time on-site

Connect the tools your teams rely on
